Dear Mr Lee

BIODIVERSITY AND GEOLOGICAL CONSERVATION

The Institute of Historic Building Conservation (IHBC) is the professional body of the United Kingdom representing conservation specialists and historic environment practitioners in the public and private sectors. The Institute exists to establish the highest standards of conservation practice, to support the effective protection and enhancement of the historic environment, and to promote heritage-led regeneration and access to the historic environment for all.

Thank you for inviting us to participate in this consultation.

The Institute supports this document but has replied with comments to the CLG on the parallel proposed PPS on a Natural and Healthy Environment.

Yours sincerely

James Caird
