Dear Mr Watts	
INQUIRY INTO SUSTAINABLE CONSTRUCTION AND THE GREEN DEAL	

The Institute of Historic Building Conservation (IHBC) is the professional body of the United Kingdom representing conservation specialists and historic environment practitioners in the public and private sectors. The Institute exists to establish the highest standards of conservation practice, to support the effective protection and enhancement of the historic environment, and to promote heritage-led regeneration and access to the historic environment for all.

Thank you for inviting us to participate in this consultation. Our evidence is contained in the attached memorandum.

As requested, I confirm that the memorandum is the view of the Institute as a whole having been compiled collaboratively with a panel of participating members. The document was drafted by John Preston (<jpreston@phonecoop.coop>) and me (<consultations@ihbc.org.uk>).

Yours sincerely

James Caird
Consultant Consultations Co-ordinator
