IHBC e-letter

Issue 1: April 2009

Welcome

This is the first issue of a regular e-letter to update you on IHBC matters. This first e-letter is being sent by post to ensure that you are aware of the service. If you do not receive this by e-mail as well, or wish to change or adjust your preferred email arrangements for membership and Branch information, please email membershipadmin@ihbc.org.uk or contact Devon DeCelles at (0131) 5581854. Emails on our Home Page news updates are a separate service, and you can adjust your subscription for that service using our website links. It will not affect your arrangements for receiving membership and Branch information.

Business Plan and volunteering

This new e-letter will help us improve links across our rapidly expanding membership. Suggestions and feedback on these and any other matters are welcome, and will help us shape our next business plan, scheduled for 2010. To contribute, please see the volunteer survey questionnaire, linked at www.ihbc.org.uk and to keep up to date on developments, see our publications and web updates.

Annual School 2009:

FIT PAST – FUTURE PERFECT? Conservation: a key to sustainable design

Buxton 11-13 June 2009

Places at our Annual School can be booked on-line, linked from www.ihbc.org.uk or through our office. The Annual School is the major event of the year for conservation professionals, and this year we feature practical perspectives on sustainability and design.

Annual School 2010: London 10-12 June 2010

The Annual School for 2010 will be in London, with the Day School to take place at the Royal College of Physicians in June. If you or your practice has any interest in sponsoring the event – with £5000 securing a position as main sponsor, or £1000 as part-sponsor, please contact Seán O'Reilly at director@ihbc.org.uk

Job threats

In March Council considered the current threats to jobs in local authorities. We are preparing a web-based resource to help officers make the case for their role, and planning a consolidated response following a recent English Heritage-supported survey.
